Overview

- **We will begin work immediately on Green New Deal bills to put the nuts and bolts on the plan described in this resolution (important to say so someone else can't claim this mantle).**
- **This is a massive transformation of our society with clear goals and a timeline.**
 - o The Green New Deal resolution a 10-year plan to mobilize every aspect of American society at a scale not seen since World War 2 to achieve net-zero greenhouse gas emissions and create economic prosperity for all. It will:
 - Move America to 100% clean and renewable energy
 - Create millions of family supporting-wage, union jobs
 - Ensure a just transition for all communities and workers to ensure economic security for people and communities that have historically relied on fossil fuel industries
 - Ensure justice and equity for frontline communities by prioritizing investment, training, climate and community resiliency, economic and environmental benefits in these communities.
 - Build on FDR's second bill of rights by guaranteeing:
 - A job with a family-sustaining wage, family and medical leave, vacations, and retirement security
 - High-quality education, including higher education and trade schools
 - Clean air and water and access to nature
 - Healthy food
 - High-quality health care
 - Safe, affordable, adequate housing
 - Economic environment free of monopolies
 - Economic security for all who are unable or unwilling to work
- **There is no time to waste.**
 - o IPCC Report said global emissions must be cut by by 40-60% by 2030. US is 20% of total emissions. We must get to 0 by 2030 and lead the world in a global Green New Deal.
- **Americans love a challenge. This is our moonshot.**
 - o When JFK said we'd go to the by the end of the decade, people said impossible.
 - o If Eisenhower wanted to build the interstate highway system today, people would ask how we'd pay for it.
 - o When FDR called on America to build 185,000 planes to fight World War 2, every business leader, CEO, and general laughed at him. At the time, the U.S. had produced 3,000 planes in the last year. By the end
